HITCHING POSTS AND HACK LICENSE

Broadway Improvement and Several Requests Heard and Discussed by Town Council at Lengthy Meeting Tuesday Evening.

Hack licenses, hitching posts and the proposition to improve the streets in the north end of town, together with several other matters of more or less importance occupied the attention and called forth the discussion of town council members for almost four hours on Tuesday evening.

The hack license ordinance providing for a tax based on passenger-carrying capacity of vehicles, and vetoed at the last regular meeting by Burgess Holtzworth, was brought up and a motion made to pass it over his veto. Members of council stated that a decision of the Superior Court recently made would cause the proposed ordinance to be worthless so far as automobiles are concerned inasmuch as the decision referred to states that boroughs cannot tax motor-driven vehicles which pay a state license. Council voted unanimously against the motion to pass the measure over the veto and will await a decision of the Superior Court on the question of boroughs taxing automobiles. This year an effort will be made to collect hack licenses under the old ordinance.

J. L. Williams, Esq., appeared before Council representing four business firms—Dougherty and Hartley and three others not named—asking that Council reconsider its action of August 6 relative to the removal of the hitching posts on Centre Square. A prolonged discussion followed, all of Council being of the opinion that nothing should be done to hurt materially the business of the town. A motion was finally presented by Mr. Keith providing for a temporary hitching ground near Centre Square as an experiment and that if, after reasonable trial, this did not prove satisfactory, the hitching posts be allowed to take their old positions in the Square. No action was taken on this motion other than to lay it on the table for further consideration at an adjourned meeting of council to be held next Tuesday evening, September 10.

The proposition of Martin Winter to furnish shale for street work in the northern part of town provided council hauled it with the borough teams was considered and accepted so far as Broadway and North Washington streets are concerned but Council was of the opinion that the borough finances were in such shape that further work at this time would not be advisable and held over the balance until next year. The postponed work includes that of constructing a parkway in the center of Broadway. Relative to these improvements a communication was received from Martin Winter which said that the proposed work on Broadway would cost Council about \$1100 and that Mr. Winter's share in the past and to be done would reach \$3587.72 a total of \$4687.72, for almost a half mile of good road.

"It may be argued against the acceptance of this proposal," said Mr. Winter's letter, "that there is no money available, but it must not be forgotten that only a very few months ago the Council passed an ordinance to pave three or four squares leading out from Centre Square at a cost very much in excess of this proposal. If there is money for the improvement of these central three or four squares, then why none for the improvement of Broadway street?"

The matter of issuing bonds to meet the current floating debt was talked of but no action taken. The floating debt is now over \$10,000.

The borough treasurer reported a balance in the general fund of \$3157.10 and in the special fund of \$1833.08. Market Master Miller reported collections of \$38.70. Payments of the Gettysburg Railway Company of \$311.00 to next year were also reported.

Irvin Kelly asked for sewer connection from his contemplated building on West street. Council felt one building would not justify the outlay but gave Mr. Kelly permission to construct a private sewer connecting at Chambersburg street.

West Middle street residents asked council to take action ordering a pavement at property on the west side of Howard street. The secretary was instructed to send a notice ordering same to be built.

The borough attorney was instructed to prepare an ordinance for an alley south of and parallel to Springs avenue from Reynolds to Hay streets.
Mr. Butt reported that Calvin Gilbert called attention to action taken by Council some time ago providing for bridges on West Middle street and Springs avenue. The Highway Committee reported that workmen were scarce and other matters required more immediate attention.

Prof. Roth asked for relief from bad alley in rear of his residence on North Washington street. Referred to Highway Committee.

TO DOUBLE TRACK THE READING ROAD

Will Start here on Monday at Work of Double Tracking Road between Gettysburg and Biglerville Prepare for Next Year.

In preparation for handling the crowds of 1918 and in a general way looking toward the improvement of service between Gettysburg and Harrisburg, the Reading road will on Monday commence work at extensive double tracking operations between Gettysburg and Mount Holly Springs.

One force of men will be started at Gettysburg and it is expected that double track will be laid the entire way from this place to Biglerville and from Biglerville to Hunters Run. The Reading has for some time been looking toward this improvement. The right of way is sixty feet in width, ample for double tracking, and on the mountain two farms have been purchased because the proposed work would take tracks through buildings.

All this construction work will be hurried right along for it must be ready in plenty of time to handle next year's traffic. The improvement will be permanent, however, and the road will be built for future use as well as simply for the big time of the semi-centennial of the battle.

The plans are in the hands of R. B. Abbott, the division engineer, and N. H. Shaeffer will have charge of the work of construction.

Operations at the new Reading freight house southwest of the College Campus were started this morning and this also will be hurried along so as to get it up, if possible, before cold weather.

G. O. P. VOTE IN VERMONT DROPS

Republican Majority Has Been Wiped Out.

PROGRESSIVES THE CAUSE

Returns Show No Election of Governor and Legislature Will Name Taft Man.

Montpelier, Vt., Sept. 4.—For the first time in ten years the Republican majority has been wiped out and the newly born Progressive party has been responsible for it.

As the matter stands, no candidate for the office of governor of the state has a sufficient number of votes to insure his election. However, the indications are that the legislature will be strong enough Republican to insure the election by that body of Allen M. Fletcher, of Cavendish, to the office of governor.

The Progressives polled over 12,000, a figure in excess of that allowed them by the leaders of the Republican party in their ante-election forecasts.

For years it has been said that as goes Vermont so goes the country. Using this adage and the result of the vote in Vermont, defeat is predicted for the Republicans in the November elections.

The leaders of the Progressive movement throughout the state are elated with the result. Early in the night some of them were rash enough to announce that Rev. Fraser Metzger, of Randolph, had been elected as governor. However, they later tempered their statements and merely said that their candidate had made a most marvelous fight.

The Democrats feel somewhat elated, for they, too, show an increased vote, though not enough to elect Harlan B. Howe, of St. Johnsbury, their candidate.

Vermont has had a surprise like which they have not experienced in some years. Since time immemorial the state has gone solidly for the Republican party by majorities ranging from 25,000 to 30,000.

The day was rainy and anything but conducive to voting. However, the rock-ribbed voters went to the polls in all manner of conveyances. In some towns they have gone solidly for Republican candidates for years. There was a noveltiness that surprised the most ardent of the Progressives. The old line Republicans had conceded them votes, and plenty of them, too, but they did not anticipate that they would make the inroads into the party vote that they did.

DEATH LIST REACHES 40

Growing Crops Ruined by Floods in Western Pennsylvania.

Pittsburgh, Pa., Sept. 4.—The number of fatalities arising from the floods of Monday in western Pennsylvania, the Pan Handle of West Virginia and eastern Ohio was increased to forty when it became known that John Demest, his wife and two children were missing from the ruins of their home on Chartiers creek, near Canonsburg, Pa.

Fifteen bodies have been recovered from debris scattered through the valley of Harmon's creek, near Colliers, W. Va., nine being residents of Colliers and six of Holiday's Cove.

Searching parties are working in the valleys of the stricken district, digging in the ruins of demolished houses in the hope of finding bodies, but in many instances the rush of water was so strong that it is believed the victims were carried far from the places where they met death.

The Chartiers valley from Washington, Pa., to McKees Rocks, Pa., where the little stream empties into the Ohio river, is one stretch of devastation. It is estimated that 10,000 acres of growing corn has been ruined, while thousands of tons of hay floated away on the muddy torrent.

The damage done to manufacturing plants will be very heavy. In some instances it will be necessary to install new machinery and work will not be resumed for days, perhaps weeks.

The property loss is at least \$1,500,000, and probably will be much more.

ALARMED BY HUGE FROG

Forty-Pound Frog Knocks Down a Man.

Allentown, Pa., Sept. 4.—The people of Guthsville, seven miles out, along the Jordan, are excited over a monster bullfrog, said to weigh at least forty pounds.

Alexander Hartzel, while frogging in the stream, was knocked down into a deep pool when the creature jumped against his chest.

Peter Krause mustered up courage to go after the animal with a shot gun, but the frog escaped by jumping over his head. The rest of the terror-stricken natives are now after the frog in squads of two and three.

Cue Stab Kills Him.

Wilkes-Barre, Pa., Sept. 4.—Provoked by a remark made by Thomas Luskasch, Charles Stanley thrust a billiard cue into the eye of the former in a saloon at Edwardsville, near here. The sharp point of the cue penetrated the brain and Luskasch died in a short time.

CUMMINS OUT FOR ROOSEVELT

Although He is Opposed to Some of His Doctrines.

Des Moines, Ia., Sept. 4.—Senator A. B. Cummins, Progressive and candidate for the presidency at the national Republican convention, issued a statement in which he opposed President Taft, said he would vote for Roosevelt and went on record as opposed to the nomination of a third party state ticket in Iowa at the state convention, which Roosevelt will address here.

In saying that he would vote for Roosevelt for president, Senator Cummins added: "But it must be understood that I will do so protesting against the organization of a new party and disavowing from some of the doctrines announced in his platform."

In concluding his statement, Cummins says: "The reason the Republicans were so largely against the renomination of Mr. Taft was their profound conviction that he is not a Progressive and does not believe in a proper sense that the people should rule the country. The fact that this was the attitude of the vast majority of the Republicans proves to me conclusively that a new party is unnecessary, untimely and unfortunate. I fear that it will retard rather than hasten reform."

"Theodore Roosevelt was the manliest choice of the greater number of Republicans who expressed a choice for president. He is appealing to the moral and progressive forces of the people, and I expect to vote for him; but it must be understood that I will do so protesting against the organization of a new party and dissenting with some of the doctrines of his platform."

"My vote for him will indicate that I believe he desires to promote the common welfare, but will not indicate that I look upon the new party as a wise or enduring movement in public affairs."

SMITH SEEKS SEAT IN SENATE

Former Foe of Gov. Wilson Files Petition.

Trenton, N. J., Sept. 4. — Former United States Senator James Smith, Jr., the former foe of Governor Wilson, has forced the fighting to Governor Wilson by filing a petition placing himself in nomination for the preferential vote for the United States senate and announcing that he will support Wilson and the whole Democratic ticket, and expects that the Democratic organization will support him in return.

This is an adroit move, according to the politicians of the state, for the friends of Governor Wilson have been circulating statements that if Smith filed a petition Wilson would go in every county of the state and oppose him.

It was also said that if Smith filed a petition then John W. Westcott, of Camden, who placed Wilson in nomination for the presidency, and Senator Gebhardt, of Hunterdon, would withdraw their petitions and unite on the candidacy of Congressman William Hughes. These three had been the candidates favorable to Wilson.

Messrs. Gebhardt, Hughes and Westcott held a conference over the situation with Governor Wilson several days ago at Sea Girt, but were then unable to decide which two should withdraw so as to unite the Wilson strength.

KILLS MAN AND HORSE

Stray Shot From Murderer's Gun Wounds Child.

Cape Charles, Va., Sept. 4. — In a fight near Bayview Gus Talley, thirty years old, shot and instantly killed Rambo Marshall, thirty-five years old. After killing Marshall, Talley started in search of a brother of his victim and, finding him in a field, opened fire on him. The brother took refuge behind a fence and escaped.

After firing half a dozen shots at his second intended victim, Talley turned the weapon on a horse, killing it. A shot intended for the brother of Marshall went through the side of a house occupied by Nick Robinson, striking a small child and seriously wounding her.

All the parties are colored. Talley escaped.

SNAKE HIDES IN BIG HORN

Scalding Water Was Used to Dislodge Reptile.

Altoona, Pa., Sept. 4. — While the brass band of Mooreville, Huntingdon county, was on its way to McAlleister's Fort in a hay wagon to give a concert, S. H. Lightner saw a black snake along the road, jumped off, snatched it up and tossed it among the musicians.

The snake sought refuge in Holler (Leiberg's) bass horn, and all attempts to dislodge it failed until, upon reaching their destination, scalding water was used and the reptile made a hasty exit. It measured three feet.

TO ASK COURT TO OUST ELECTORS

Proceedings to be Instituted Against T. R. Men.

PENROSE TELLS OF ACTION

Talk of a Separate Republican State Ticket is Again Revived in Philadelphia.

Philadelphia, Sept. 4. — "Within the next forty-eight hours court proceedings will be instituted with the object of compelling the removal of Roosevelt men from the regular Republican electoral ticket and the substitution of Taft men."

This declaration was made with emphasis by Senator Penrose in his office, following a number of conferences with state and city Taft leaders and a meeting of the Republican city committee.

It was the senator's first public utterance on the electoral question and it was made in a way that clearly indicates the vigorous action that is to be taken.

Significant in this connection was the fact that the Republican city committee held a meeting and adjourned without endorsing either the national or the state Republican ticket. Adjournment was taken until next Tuesday, when the leaders hope that the situation will have become so clarified that they will know what course to take with respect to endorsing the Republican state ticket.

The present Republican state ticket is strictly a Flinn proposition. These things promptly gave rise to speculation among the political gossips. It was recalled that Flinn had announced that if the regular Republicans antagonized his state ticket he would not permit the Roosevelt electors to get off the Republican ticket.

The city committee was not prepared to define its position on the state ticket. Now that the electoral question is to be taken out of Flinn's hands and thrown into the courts, the talk of a separate state ticket, to be composed of straight Republicans, has been revived. Such a state ticket would have besides the Taft electoral candidates, candidates for auditor general, state treasurer and four congressmen-at-large.

Color was given to this gossip by the striking character of City Chairman David H. Lane's address to the city committee. Mr. Lane, after a spirited attack on those who would "steal the liberty of the Republican party," declared, with fire in his voice: "God, right, country and straight Republicanism will win."

Senator Penrose was interviewed at the conclusion of a conference with State Senator McNichol and Secretary of the Commonwealth McAfee. Prior to that Senator Penrose had conferred with the governor. Senator Penrose was asked:

"What is going to be done about the electoral question?"

"There will be action, drastic and vigorous," he replied.

"Does that mean court action?"

The senator said that it did.

"How soon will that action be taken, senator?"

"Within the next forty-eight hours," was the reply. To other questions as to the form the court proceedings would take the senator reserved replies.

Immediately following this announcement as to court action, Senator Penrose called Congressman Martin E. Olmsted at Harrisburg over the long distance telephone. Congressman Olmsted is the Taft representative who will have charge of the court proceedings both for the Pennsylvania and national Taft leaders. Mr. Olmsted has everything ready for going into court and for some time has only been waiting for the word to go ahead.

His work will be under the general direction of Republican National Chairman Hillis.

TAFT HAS SURE ANKLE

Was Injured Several Years Ago While Playing Golf.

Boston, Sept. 4. — President Taft has a sore right ankle which has been bothering him for the last two days. He was forced to wear a soft felt slipper instead of a shoe.

Mr. Taft injured his right ankle several years ago while playing golf at Beverly. He played a round of golf Monday with his son Charles on the Myopia links at Beverly on wet grounds and in a driving rain. In the afternoon his ankle became sore and he was obliged to forego an appointment to attend the horse show at the Myopia club.

Mr. Taft left Boston on the Federal express for Washington, where he will attend the opening session of the International Congress of Applied Chemistry. He will return to New York on Thursday, where he will board the yacht Mayflower for a cruise to Beverly.

Meningitis Kills 1500 Horses.

Washington, Sept. 4. — Acting Secretary of Agriculture Hays received a report from Brush county, Kansas, that the malady which has killed more than 1500 horses there in the last month is spinal meningitis and not forage poisoning, as first diagnosed. Professor Hays has assured Governor Stubbs that the department will give all assistance possible.

MICHIGAN CONVICTS

MUTINY IN PRISON

Heavy Guard Prevented General Delivery.

Jackson, Mich., Sept. 4. — Rioting convicts in the Jackson state prison overcoming all restraint, entered the prison "bull pen" and liberated about seventy-five fellow prisoners.

An hour later the prison authorities had the convicts apparently cowed by calling to the prison the militia companies and firemen of Jackson and special officers, who hurried to the scene heavily armed.

One fleeing convict was shot down by a guard, but he was not seriously wounded.

It was said that the militia had successfully cowed the rebellious convicts, who were all safely locked up.

When the prisoners from the "bull pens" reached the yard they began ruining everything within reach and fearing that they would set the factories on fire, the city fire department was summoned and aided in subduing the rioters. Hundreds of shopmen and others were in the streets surrounding the prison and the special police had trouble in keeping the crowds orderly.

Nearly all the prisoners had obtained weapons of some kind soon after gaining their liberty. Knives, hammer, barrel staves, etc., were used by the convicts in an endeavor to overpower the guards.

On seeing the fire department enter the prison yard many of the rioters fled into the prison, while others hid in the various factories. It is said three convicts scaled the walls and are at liberty.

The convicts in the state prison have been rioting since last Friday as much, as though you bought a paint ready mixed. For instance, should you require say thirty gallons of high grade ready mixed paint at \$1.75 to paint your property, you would have to buy only 15 gallons of 2-4-1, at same price and 15 gallons of Pure Linseed Oil at 70 cents, a clear saving to you of \$15.00 on your paint bill. If Linseed is cheaper — You save MORE.

Use of Hot and Cold Drinks.

Remember that, ridiculous though it may sound, cold drinks are healthier for the lungs in cold weather, before going out into the cold, and hot drinks are healthier for the stomach in hot weather, just after coming in from the heat.

His Example.

Teacher—"Bobby, give me an example of the word 'damper.'" Bobby (after a moment's thought)—"Paw says maw is too damperticular about his feet bein' wiped."—Boston Transcript.

Revised Version.

"I suppose that when you left the convention you exclaimed: 'I came, I saw, I conquered.'" "Not exactly," replied the delegate who changed his mind. "That is what I was going to say, but I modified it to 'I came, I was seen, I concurred.'"

Thought Worth Remembering.

So long as we love we serve. So long as we are loved by others, I would almost say we are indispensable; and no man is useless while he has a friend.—Stevenson.

Fewer Willing to Sell Their Hair.

Owing to the fact that the young countrymen of France, under the spreading influence of the cities, are becoming more particular as to the appearance of the girls they "walk out" with, peasant girls are becoming less and less willing to sell their rich tresses to hair dealers. At the great Limoges hair fair, held in the market place of the city, there were fewer dealers present than ever before. The supply of hair is falling and prices ranged from \$1.50 to \$1.85 a pound.

United on Deathbed.

A pathetic marriage ceremony took place the other day, in a Budapest hospital. A German singer named Erdos, who was appearing professionally in the Hungarian capital, was suddenly taken ill with heart weakness a few days ago. He telegraphed to his sweetheart in Frankfurt, Germany, to come to him. The girl started at once, and arrived in Budapest promptly. They were married immediately in the hospital ward, and Erdos died an hour after the ceremony.

JEWISH HOLIDAY SEASON

The Jewish holiday season begins somewhat earlier this year than other years. The first holiday is the New Year, or Rosh Hashanah, which occurs this year on September 12, this New Year eve being on the evening of the eleventh.

In the Jewish tradition the Rosh Hashanah marks the anniversary of the creation of the world, supposed to have taken place 5,763 years ago; hence the Jewish year beginning with this New Year's day will be known as the year 5,763.

Relieved of Itching, Burning, Eczema By Saxo Salve.

"I suffered from eczema, and the itching was so intense I did not get a night's rest for five months. My face, neck and body were covered with large red patches. I tried every eczema remedy on the market, also six different doctors and a specialist. None knows how I suffered without relief. As a last resort I tried Saxo Salve, it stopped the itching at once and worked like magic. I wish I could tell every eczema sufferer what Saxo Salve will do for them."—Wm. Delaney a Spanish war veteran, 355 E. 61st street, New York.

Saxo Salve stops the itching and heals the skin. If you have eczema, tetter, ring worm, barber's itch or a skin disease of any kind try it—you get your money back if it does not help you. People's Drug Store, Gettysburg, Pa.
